

President's Message

Welcome to our 50th

This year is our 50th anniversary. We have a number of events planned so keep your eye out and get involved.

Since the end of curling last year there have been a large number of things occurring at the club. The Silent Auction/Festival of Foods was held at the end of last season and was a huge success. It raised over \$8,000 dollars for the club. Thank you to Sharon Downer and her long list of volunteers, it was a fantastic night.

Other things you will notice as you look around the club are the new chairs and tables, and new siding along the south wall. These improvements have helped

with the aesthetics of the club, but the south wall was for more than just looks. It has already helped on the ice surface

allowing us to better control ice temperatures during very warm days. A new condenser was also installed that will help prolong the life cycle of our compressor.

This year we have hired a Club Manager, Kathy Brown. She will be responsible for the bar and club rentals. She will be coming around to each draw to introduce herself so please take the time and welcome her to the club.

We have a lot planned for this year, so thank you all for coming back to curling and I look forward to seeing the returning curlers, and meeting the new ones.

Take care,

Rob Bell

Mr. Music Please!?

Is anyone willing to donate CDs to the music library? We all have different tastes and this should be reflected in our music library. There is a self-storing 110 CD player in the club, that can be organized by music types, such as Western, Oldies, Dance, etc. Please leave your donation with the bartender, and ask that it gets to Kerry Isnor.

Curling Equipment

Curling is a sport that doesn't require a lot of expensive equipment. Here's what you'll need to start:

- ◆ Warm and comfortable clothing. Special curling clothing can be purchased but many curlers wear track suits, sweaters, etc. It's good to have layers so you can adjust as needed.
- ◆ Curling shoes can also be purchased but for new curlers you can start with a clean pair of running shoes (reserved only for curling so you don't bring any dirt onto the ice surface). We put clear tape on your slider foot. We also have slip-on sliders that you can use instead of tape or you can purchase your own slider.
- ◆ Loaner brooms or brushes are available at the club for new curlers. Most curlers purchase their own brush during their first season.
- ◆ Most curlers wear gloves to keep their hands warm and to provide protection when sweeping.

Adorning the wall of our front entrance, the beautiful mural shown above was painted by one of our members, Lindsay Davies. This mural is a gift to celebrate our 50th anniversary. Thanks, Lindsay!
